

## Body Brain

Anouk

Well you know I've got this problem  
'Cause there is you  
No matter how I try to tell you just can't see  
Oh no, I won't get through

You've got a body and a brain

Instead of pointing to another  
Take a look at yourself  
Why don't you just use that thing inside your head  
And try to tell me why

You've got a body and a brain  
You're free to speak, could you explain  
The reason for your narrow mind  
You're thinking medieval times  
Your ignorance just gets you scared  
Of everything and I don't know  
Which way the wind is blowing  
Hoping it will blow your fears away

I'm sure I'll never solve this problem  
But I hope you will  
I'll speak my mind and tell you time and time again  
Though I won't get through

You've got a body and a brain  
You're free to speak, could you explain  
The reason for your narrow mind  
You're thinking medieval times  
Your ignorance just gets you scared  
Of everything and I don't know  
Which way the wind is blowing  
Hoping it will blow your fears away  
Blow your fears away

Time and time and time and time again  
But I can't get through baby  
Let me explain

You've got a body and a brain  
You're free to speak, could you explain  
The reason for your narrow mind  
You're thinking medieval times  
Your ignorance just gets you scared  
Of everything and I don't know  
Which way the wind is blowing  
Hoping it will blow your fears away
