

All you ever do is
Letting it all just pass you by
No need to try
All you ever say is
Baby it's alright now

All you ever do is
Letting the hurt crawl up inside
No need to cry
All you ever say is
Baby, I feel just fine

What do you think of me
Don't you think I see
That you're just hiding from me
What do you think of me
Don't you think I see
That you're just lying to me
Do you think I'm blind sucker

Open up your eyes
You've got to learn to cry
Baby it's alright baby
Open up your eyes, open up your eyes
Open up your eyes
You've got to learn to cry
Maybe you'll feel just fine

All I ever do is
Waitin' for you tell me why
You never try
All I ever say is
Could you tell me why

All I ever do is
Hoping that you will tell me why
You never cry
All I ever say is
Baby it's alright, it's alright for you to cry

What do you think of me
Don't you think I see
That you're just hiding from me
What do you think of me
Don't you think I see
That you're just lying to me
Do you think I'm blind sucker

Open up your eyes
You've got to learn to cry
Baby it's alright alright
Open up your eyes, open up your eyes
Open up your eyes
You've got to learn to cry
Maybe you'll feel just fine
