

# Don't Wipe Us Out

Anouk

Oh baby please, don't leave my heart  
No, don't go away  
Where would I go? I truly don't know  
Where would I gather strength?  
Words ain't enough baby for me to say  
How much it'd kill me, though  
I wouldn't be able to breathe anymore  
If I would see you go  
One of us ain't got no feelings

Don't wipe us out, wipe us out  
Don't wipe us out, wipe us out  
Don't wipe us out, wipe us out, yeah  
You better not wipe us out today

I've been a cheater, a man eater  
You knew I was no good  
What can I say? I'm ready for change  
Let that be understood  
I want you to tell me I'm still in your heart  
More than the day before  
There's gotta be something that I can do  
That'll make you love me more  
One of us ain't got no feelings

Don't wipe us out, wipe us out  
Don't wipe us out, wipe us out  
Don't wipe us out, wipe us out, yeah  
You better not wipe us out today

Lost upon a dream, memories mean nothing  
Another of that I have left today  
Started up as friends, thinking this would never end  
But you had to throw it all away  
All away! Come on now!

Don't wipe us out, wipe us out  
Don't wipe us out, wipe us out  
Don't wipe us out, wipe us out, yeah  
You better not wipe us out today

Gotta be something baby,  
Gotta, gotta something I can do now  
Don't you do that to us
