

# Good God

Anouk

Surely I am winning but I won't  
Claiming that I'll do it but I don't  
Knowing I'll do anything that you want  
Pretending that I am someone that I'm not

Good God, my mind won't let me thing right  
I know you're trouble  
But I'm determined to create these things up in my head  
That never happen  
In time I've got to choose  
Freedom or loyalty  
Look at what you have done  
What am I gonna do?

So now that you have made a mess off me  
You showed me stars that I have never seen  
I know it's wrong why does it feel right  
You haven't got me yet, but you might

Your smiling back at me I wanna do it  
I wanna be with you let me get through it  
But am I gonna make it back alive  
Will you show me all the things that you can doooooo

Good God, my mind won't let me thing right  
I know you're trouble  
But I'm determined to create these things up in my head  
That never happen  
In time I've got to choose  
Freedom or loyalty  
Look at what you have done  
What am I gonna do?

Yeah

Good God, my mind won't let me thing right  
I know you're trouble  
But I'm determined to create these things up in my head  
That never happen  
In time I've got to choose  
Freedom or loyalty  
Look at what you have done  
What am I gonna do?
