

## Mood Indigo

Anouk

A taste of breath, a kiss sweeter than honey  
Your eyes in a misty dream a million miles away  
And in my ear you whisper my name  
Just like in some old news flash  
From light years ago

Van Dyke's on the slide trombone  
Through the smoke of the party room  
Your teeth like the ivory coast  
Start singin' my favourite song  
And it happen' to be mood indigo

Mood indigo  
I just go weak when I hear mood indigo  
Could last for weeks until I decide to wake up  
Take off my make up

Holding on to my heart  
Srnokin' them downhill  
In a room number thirteen  
Tryin' to stretch my luck again  
Dovv'n the corridor your footsteps echo against the wall  
My man of mystery, my date with infinity  
Tonight I'm gonna sacrifice, for the first time in my life  
Make it all come back to me, like an old forgotten dream

Van Dyke's on the slide trombone  
Through the smoke of the party room  
Your teeth like the ivory coast  
Start singin' my favourite song  
And it happen' to be mood indigo

Mood indigo, I just go weak when I hear mood indigo  
It could last for weeks until I decide to wake up  
Completely lost in my mood indigo
