Mood Indigo

Anouk

A taste of breath, a kiss sweater than honey Your eyes in a misty dream a million miles away And in my ear you whisper my name Just like in some old news flash From light years ago

Van Dyke's on the slide trombone Through the smoke of the party room Your teeth like the ivory coast Start singin' my favourite song And it happen' to be mood indigo

Mood indigo

I just go weak when I hear mood indigo Could last for weeks until I decide to wake up Take off my make up

Holding on to my heart
Srnokin' them downhill
In a room number thirteen
Tryin' to stretch my luck again
Dovvn the corridor your footsteps echo against the wall
My man of mystery, my date with infinity
Tonight I'm gonna sacrifice, for the first time in my life
Make it all come back to me, like an old forgotten dream

Van Dyke's on the slide trombone Through the smoke of the party room Your teeth like the ivory coast Start singin' my favourite song And it happen' to be mood indigo

Mood indigo, I just go weak when I hear mood indigo It could last for weeks until I decide to wake up Completely lost in my mood indigo
