

# My Life

Anouk

I'm gonna get out of my shell  
Try without anybody's help  
To loose this heavy load  
And get my life back on the road  
I've seen the worst when I was down  
Only loneliness I found  
Now I'm climbing to the top  
And I ain't never gonna stop

I'll carry on, though the road is long  
I'm gonna get myself together  
And I'll hold on, 'cause I am strong  
Gonna try to make it better, baby

The rest of my life I'll take these chances  
Time goes by so very fast  
I'll share my fortune and my failure  
'til there's nothing left

And if somewhere down the line  
I'll find I'm running out of time  
I hope to god that I can say  
I made the best of every day

'Til then I'll carry on, 'though the road is long  
I'm gonna get myself together  
And I'll hold on, 'cause I am strong  
I'm gonna try to make it better, baby

The rest of my life I'll take these chances  
Time goes by so very fast  
I'll share my fortune and my failure  
'til there's nothing left
