

New Day

Anouk

We come out when the world's at rest
It's all good as we lay down on the grass
Me and my friends, we celebrate
The time of our lives
Making love under the lemon trees, lay
In my arms, yeah, it's all for free
Skinny dipping in the river flow
No, we're not ready to go home, oh, no, oh no

Oh baby come on
Sun goes down, the water feels fine
Oh baby come on
Give it all, I'm gonna make you mine

Oh baby come on, come on now
Sun goes down, the water feels fine yeah
Oh baby come on
Give it all and let me make you mine

It's okay when we make a mess (yeah, yeah, yeah, yeah)
Ain't got time for any stress
No escape is where we belong
We're making shadows in the hot, hot summer sun
Perfect day, let's take a chance (yeah, yeah, yeah, yeah)
Watch your feet, how they can dance
Love and learn, yeah it's a new day
It's way too short to let it waste away

Oh baby come on
Sun goes down, the water feels fine
Oh baby come on
Give it all, I'm gonna make you mine

Love, learn, it's a new day
Everyday, it's a new day (it's a new day)

Oh baby come on
Sun goes down, the water feels fine
Oh baby come on
Give it all, I'm gonna make you mine

Love to make you mine, yeah
It's a new day
Ah, it's a new day
Oh (yeah, yeah, yeah, yeah)
