

Places to Go

Anouk

This ain't my home anymore
My beating heart and restless mind, in all
My eyes have closed on my way back home,
To a place that no one knows
I travel light, no more starless nights
Makes me shine from head to toe!

I-I-I've got places to go in this life!
I-I-I've got places to go anytime!

What's yours ain't mine anymore
But somehow the rules are over
It feels like one right one
My eyes have closed on my way back home,
To a place that no one knows
I travel light, no more starless nights
Makes me shine from head to toe!

I-I-I've got places to go in this life!
I-I-I've got places to go anytime!
I-I-I've got places to go in this life!
I-I-I've got places to go anytime!

Ain't my home, anymore!

I-I-I've got places to go in this life!
I-I-I've got places to go anytime!
I-I-I've got places to go in this life!
I-I-I've got places to go anytime!

I-I-I've got places to go in this life!
This ain't my home anymore!
