

# Right on Time

Anouk

Grey skies, mountains with rocket sights  
Imitate my love  
Left me with nothing but true lies,  
I've heard enough  
Too scared changing my heart  
Afraid of wanting more  
Some things in life money can't buy  
I wish I knew before

But you shed a light on me,  
No words that could describe  
Just how I feel

You're right on time,  
You're right in time for me  
For you, I try  
It's where I wanna be  
Let me love you,  
Finally I've seen the things I used to  
You're right on time,  
Right in time for me  
You're on time, baby

How come you've got a hold on me?  
But I don't even know you?  
We could hold each other tight tonight  
'Cause what it all comes down to is  
That's nowhere to go, I'll take it slow  
Take it easy on me

You're right on time,  
You're right in time for me  
For you, I try  
It's where I wanna be  
Let me love you,  
Finally I've seen the things I used to  
It feels so good you're whispering my name  
Who knew?  
You'll never know,  
but I'll be coming to you  
Let me love you  
Let me love you

Yesterday it seems so far away  
You picked me up when I was down, down  
If you ever have a change of heart, don't leave me hanging on

You're right on time,  
You're right in time for me  
For you, I try  
It's where I wanna be  
Let me love you,  
Finally I've seen the things I used to  
It feels so good you're whispering my name  
Who knew?  
You'll never know,  
but I'll be coming to you

You're right on time,  
Right in time for me!
