

# The Difference

Anouk

The words are slowly sinking in  
Despair comes unexpected  
Everything falls out of place  
Now my imagination  
It moves in all directions  
I can only see your face  
Now please don't leave me

I'm caught in the middle  
It pulls me down to places no-one goes  
So you need to find out  
If there's a chance for us  
What a difference it makes  
Waking up here without you  
Baby, we can make this right

Water's so much colder  
I was lasting longer  
Ever since you went away  
Having a different point of view  
Doesn't make it right for you  
To decide that you don't have to stay  
Now please don't leave me

I'm caught in the middle  
It pulls me down to places no-one goes  
So you need to find out  
If there's a chance for us  
What a difference it makes  
Waking up here without you  
Baby, we can make this right

This heart can not erase you  
After years replace you  
Don't you think that's kind of sad  
Now please don't leave me

I'm caught in the middle  
It pulls me down to places no-one goes  
So you need to find out  
If there's a chance for us  
What a difference it makes  
Waking up here without you  
Baby, we can make this right  
We can make this right
