

We Are

Anouk

We are!

Starlights, beautiful dark with million flowers
In love, the way they fought just like one of us
In the sky, colors of darkness filled with emptiness
Waiting to be loved, oh
We all want this world to be peaceful
It's not too late for a brand new start
You'd be amazed how many people
Can find their way into your heart

We are the ones,
We are the ones to make the change
We are the ones,
We are the ones to pave the way
For a better world where we can live
It's not our place to criticize
Let's start by being kind and to forgive
We are the ones,
Yes, we are, we are

People, if only we could connect and share
I know, the smile is saying that I do care
Why is there so much bitterness?
Despite all things that keeps the eye
Now let's put aside our ignorance
When will come to realize?!

Oh oh

We are the ones,
We are the ones to make the change
We are the ones,
We are the ones to pave the way
For a better world where we can live
It's not our place to criticize
Let's start by being kind and to forgive
We are the ones,
Yes, we are, we are

We are , we are
We are , we are
We are , we are
We are , we are

We are the ones,
We are the ones to make the change
We are the ones,
We are the ones to pave the way
For a better world where we can live
It's not our place to criticize
Let's start by being kind and to forgive
We are the ones,
Yes, we are, we are!
