

## Woman

Anouk

I remember you stepped in the store  
And you kept me standing in one place for way too long  
There you smiled at me but all that I could say was  
just  
'Hello sir what will it be'

You're a Jesus with shoes on  
I can see the light in your hair  
It's happening again  
Ooh baby  
Well have you told your mom  
That you won't be coming home  
Don't you worry now  
She can do it on her own

You shot me  
In my heart  
And I just wanna be  
Your woman

Now we're all alone  
You make me lose my cool  
I can't deny it and I can't pretend  
What I see is what I get  
Your arms around me  
Here we stand

Now I believe that we can make it through  
Take me as I am it's up to you  
Can you see the things that nobody else can see  
Think it over now that you still can  
Are you though enough to be my man  
Or will you also try to walk away anyway  
Well have you told your mom  
That you won't be coming back  
Boy you look so fine baby how about upstairs
