Anthem Lights

I'm at the payphone...

I threw a wish in the well
Don't ask me, I'll never tell
I looked to you as it fell
And now you're in my way

I trade my soul for a wish
Pennies and dimes for a kiss
Wasn't looking for this
But now you're in my way

I've wasted my nights
You turned out the lights
Now I'm paralyzed
Still stuck in that time
When we called it love
But even the sun sets in paradise

I'm at the payphone...

Hey, I just met you
and this is crazy
But here's my number
So call me, maybe?

It's hard to look right
At you babe
But here's my number
So call me, maybe?

I'm at the payphone
trying to call home
All of my change I spend on you
Where have the times gone
baby it's all wrong
Where are the plans we made for two?

If happy ever after did exist
(I'm wide awake)
I would still be holding you like this
(I'm wide awake)
All those fairy tales are full of it
(I'm wide awake)
One more stupid love song I'll be sick

Yeah, falling from cloud 9
(It was out of the blue)
Crashing from the high
(I wish I knew then
What I know now
Wouldn't dive it
Wouldn't bow down)
Falling from cloud 9

Starships were mean to fly
Hands up and touch the sky

Let's do this one last time
Let's do this one more time

One more time
One more time
One more time

Tonight we are young
So let set the world on fire
We can burn brighter
That the I'm at the payphone...

Call me maybe at a payphone wide awake and standing on the starship waiting
while we're young tonight...
