

Dear Hollywood

Anthem Lights

There's a cross that's lit up on your hill tonight
Crying desperately for your attention
But caught up in the glitz and fashion lights
You're blind to everything that you've been missing
And it breaks my heart that you can't look away

Dear hollywood
I wish you would
See the truth
Dear hollywood
There's so much good
That you could do
With so many eyes watching you
Hollywood

Broken hearted but pretending you're alright
You've lived out every dream but something's missing
There's a bigger picture calling you tonight
You could know your worth if you would only listen

Dear hollywood
I wish you would
See the truth
Dear hollywood
There's so much good
That you could do
With so many eyes watching you

There's so much more to give
So much more to gain
When all the world is listening
There's so much more to say
[x2]

And it breaks my heart
That you still look away
From the perfect love
That's right there on display

Dear hollywood
I wish you would
See the truth
Dear hollywood
There's so much good
That you could do

Dear hollywood
I wish you would
See the truth
Dear hollywood
There's so much good
That you could do
With so many eyes watching you
Oh with so many eyes watching you
Hollywood

Dear hollywood

I wish you would (Hollywood)
See the truth

Hollywood

Dear hollywood
There's so much good
That you could do

Dear hollywood
I wish you would
See the truth
Dear hollywood
There's so much good
That you could do...
