

Give Me A Lifetime

Anthem Lights

Dear God,
Just saw an angel with my own eyes
And now she's the only thing on my mind

Now I may be out of line
Is there any way that I can make her mine

Give me a lifetime
That's all that I'm asking for
Give me a lifetime
Not a second less, not a moment more

Hey, girl
Not exactly sure where to start
Want to give you the world
But I don't have it yet
So darling, here's my heart

Now I may run out of time
But I would gladly spend my life just to try

Give me a lifetime
That's all that I'm asking for
Give me a lifetime
Not a second less, but not a moment more

Baby, we will both find
Everything that we're looking for
Give me a lifetime
Not a second less, not a moment more
I want nothing more

Dear God,
Just saw an angel with my own eyes
