

# One Direction Medley

## Anthem Lights

It's gotta be you, only you  
It's gotta be you, only you

I've tried playing it cool  
But when I'm looking at you  
I can never be brave  
You make my heart race

Shot me out of the sky  
You're my kryptonite  
You keep making me weak  
Yeah, frozen and can't breathe

Something's gotta give now  
'Cause I'm dying just to make you see  
That I need you here with me now  
'Cause you got that one thing

Get out, get out, get out of my head  
And fall into my arms instead  
I don't, I don't, don't know what it is  
But I need that one thing

Get out, get out, get out of my head  
And fall into my arms instead  
I don't, I don't, don't know what it is  
But I need that one thing  
You got that one thing

Something's gotta give now (Something's gotta give now)  
'Cause I'm dying just to make you see (Dying just to make you see)  
That I need you here with me now (Need you with me now)  
'Cause you've got that one thing

Baby, you light up my world like nobody else  
The way that you flip your hair gets me overwhelmed  
But when you smile at the ground  
It ain't hard to tell, you don't know  
You don't know you're beautiful

If only you saw what I can see  
You'll understand why I want you so desperately  
Right now I'm looking at you and I can't believe  
You don't know, you don't know you're beautiful

That's what makes you beautiful  
That's what makes you beautiful  
That's what makes you beautiful

Get out, get out, get out of my head  
And fall into my arms instead  
I don't, I don't, don't know what it is  
I want it that way

Get out, get out, get out of my head  
And fall into my arms instead  
I don't, I don't, don't know what it is

You got...

That's what makes you beautiful
