

# Unlove You

Anthem Lights

Every minute that goes by is getting longer  
And this feeling deep inside is getting stronger  
I need relief but honestly I have no regrets  
The memory is just too sweet  
I don't want to forget

I can't unlove you  
I can't unsee those eyes  
I can't unfeel this way  
No matter what I try  
I can't unlove you  
I can't unlove you

I was broken, without a heart  
You saved my life  
I was sleeping, in the dark  
You opened up my eyes  
I need relief but honestly I have no regrets  
The memory is just too sweet  
I don't want to forget

I can't unlove you  
I can't unsee those eyes  
I can't unfeel this way  
No matter what I try  
I can't unlove you  
I can't uncalm my mind  
I can't unwanted your touch  
And I don't wanna try  
I can't unlove you  
I can't unlove you

I didn't see you coming  
Now you're all I know  
I'll never let you go  
I didn't see you coming  
Now you're all I know

I can't unlove you  
I can't unsee those eyes  
I can't unfeel this way  
No matter what I try  
I can't unlove you!  
I can't uncalm my mind  
I can't unwanted your touch  
And I don't wanna try  
I can't unlove you  
I can't unlove you  
I can't unlove you  
Unlove, unlove  
I can't unlove you  
Unlove, unlove  
I can't unlove you  
Unlove, unlove  
I can't unlove you  
Unlove, unlove  
I can't unlove you
