

# You Have My Heart

Anthem Lights

My feet are on the ground  
And my eyes look to the clouds  
Cause I know my heart belongs to you  
And the air I'm breathing in  
Is the hope I'm living in  
Cause I know one day I'll be with you

[Chorus:]

All I can see, all I believe  
You have my heart, you have my heart  
My everything, my only need  
You have my heart, you have my heart

Let it fade, let it slip away  
Let it go, every past mistake  
Cause I know your love makes all things new  
When it hurts I'll sing your praise  
Unashamed I'll bear your name  
Unafraid I'll give it all to you

[Chorus]

Nothing can take this love away [x3]  
You have my heart  
Nothing can take this love away [x3]  
You have my heart

[Chorus]

Nothing can take this love away [x3] (you have my heart)  
You have my heart  
Nothing can take this love away [x3] (you have my heart)  
You have my heart

My feet are on the ground  
And my eyes look to the clouds  
Cause I know my heart belongs to you
