

Operation Sea Lion

Anthenora

1940: devastation all around
The nazi aim: Europe razed to the ground

From nazi science the new concept of man:
The perfect soldier who'll bring the conquest to the end
Half machine - half man he needs no rest
Genetic engineering gave its best

Clever, strong and able to kill
An Aryan brain and a body of steel

Sea Lion, Sea Lion - that's my aim
Sea Lion - I'll rise from my grave
Sea Lion, Sea Lion - that's my aim
Sea Lion - I'll take you to hell

Given him a name: general K
His first task: to conquer the U.K.
But war changed German leaders took to flight
The genetic jewel hidden out of sight

Clever, strong and able to kill
An Aryan brain and a body of steel

Sea Lion, Sea Lion - that's my aim
Sea Lion - I'll rise from my grave
Sea Lion, Sea Lion - that's my aim
Sea Lion - I'll take you to hell
