

# Meant For Love

Anthony Callea

i know we've given love what we could  
done everything we knew that we should  
got nothing to be sorry about

oh no

i can't tell your heart what to feel  
all i know this time it will heal  
got nothing to worry about

oh no, oh no, oh yeah

this ain't no broken promise  
this ain't no shattered feelin'  
could be that we were never  
meant for love  
this way  
sometimes things just ain't workin'  
sometimes we have to say goodbye  
could be that we were never meant for love  
this way

please believe me now when i say  
happiness is one step away  
show me now that beautiful smile  
i know so well

can't you see that,  
everything's been said and done  
let's go on without regrets

oh yeah, oh yeah, oh yeah  
this ain't no broken promise  
this ain't no shattered feelin'  
could be that we were never  
meant for love  
this way  
sometimes things just ain't workin'  
sometimes we have to say goodbye  
could be that we were never meant for love  
this way

carry on, carry on, yeahh...  
can't go back  
whats gone is gone

this ain't no  
(ooooh yeah)  
this ain't no broken promise  
this ain't no shattered feelin' now  
could be that we were never meant for love  
(meant for love)  
sometimes things just ain't workin'  
sometimes we have to say goodbye  
could be that we were never  
meant for love  
(meant for love)

meant for love  
meant for love

this way
