

God Said

Anthony David

You know Christie
Something happened a long time ago in Haiti
And the people don't wanna talk about it
They were under the heel of the French
And they got together and they swore a pact to the devil
They said we'll serve you
If you'll get us free from the French
True story
And so the devil said okay it's a deal
And ever since then they have been cursed

Shake the hand of my imaginary friend
See the trouble he gets in
Can't be traced back to me
He can't pretend at the slightest of his when
He has the power to suspend our rules of morality
And when he gets angry he can make the lion cry
He can help me win the fight with his power
Yes he speaks to me and it's always positive
Cause I can just ask for forgiveness and it's over

So you can't put the blame on me I'm doing what God said
What God said, what God said
Don't you put the blame on me I'm doing what God said
What God said, what God said

So you're praying for the death of the president of the united states
Do you think it's appropriate to say something like that or...
I'm not saying anything what I'm doing is repeating what God is saying
In the name of the one who made us all
I will hide behind these walls from my enemy
By the power bestowed from up above
I will conquer you because it is my destiny
And with the righteous hand
I will bring you to your knees
I will strip you of your freedom without mercy
And when the earth quakes and the blood runs in the sand
There will be no final stand for the unworthy

So you can't put the blame on me I'm doing what God said
What God said, what God said
Don't you put the blame on me I'm doing what God said
What God said, what God said

I stand on a mountain top on a solid rock
I stand on abundance truth and I won't be moved
And when I come to claim my victory
I'll repeat what was told to me

So you can't put the blame on me I'm doing what God said
What God said, what God said
And he speaks to only me I know what God said
What God said, what God said
