

# All That Matters

Anthony Evans

Obsessed with what they'd think if  
They really knew me  
And I've been  
Oppressed with the feelings  
Of never being enough and I'm tired  
I'm tired

All that matters me is what you see when you  
Look at me  
All that matters to me is how you feel when  
You think of me  
No more distractions my one affection  
Is only you my Jesus now...  
You're all that matters

I've wasted time believing  
I could become everything they wanted  
Now I'm left with only pieces of who I was and who I really am  
I, I am tired

I don't need another heart but yours but yours  
I won't put any other love before you my Lord
