

Before You

Anthony Evans

Before you
I was always falling
Sometimes even crawling
With nothing to hold on to
Before you
I was searching for something
To make my life worth living
But nothing could satisfy

[Chorus:]
Before you
Standing in your glory
I just want to thank you
For all you've done for me
Before you
I offer you my worship
Now I can stand forgiven and free
Cause I'm not the man that I used to be

Before you
I'm humbled by your mercy
Staggered by your beauty
Honored by your love for me
Before you
The angels raise their anthem
And I will gladly join them
In lifting up my praise

[Chorus]

Before you
