

# Everything In Me

Anthony Evans

I can't help but think about  
How you came and turned my life around  
And all the times I can't count  
That your love has rescued me  
You heard my every prayer  
And brought me out of my despair  
You dried every tear and set my soul free and now I

[Chorus:]

Praise you  
All my past mistakes have been  
Erased you  
Have given my new life and I'm  
Amazed you  
You came and made my life so complete  
Now I'll praise you with everything in me

All the things you've let me see  
And the places you are taking me  
you rewrote my destiny  
O Lord you made me new  
You deserve nothing less  
Than all of my existence  
So take everything I possess  
And use it to bring glory to you and I'll

[Chorus]

For sunshine and the rain  
For laughter and the pain  
For using everything  
To bring me closer to you  
[4x]

[Chorus 2x]
