Fearless

Anthony Evans

Been thinking bout the choices I make Do I listen to your voice Lord or go my own way Will have more excuses today or will I give you my life so you'll

[Chorus:] Use me and through me your name will be blessed I want to give it and live it For you and nothing less Don't wanna hide I've decided to give you my best Make me fearless

I want to show the world who you are Following your footsteps no matter how far This is the prayer of my heart So now I give you my life so you'll

[Chorus]

I am unafraid I am unashamed Fearless I've been made I'll never be the same

[Chorus 2X]
