

# I Love You

Anthony Evans

I like clear blue skies  
mountains high just livin life and  
I like my family being with me  
Laughing hysterically  
I like finding you  
in the everyday things I do  
yet with all that you create  
nothing could ever take your place cause

I love you  
For love you've given me so freely  
I always will  
More than songs I sing more than anything  
I love you  
More than life in me or the air I breathe  
And I can't wait until that final day  
when I see your face  
Hope it won't be long

I like that every night when I see the stars  
I see your eyes and  
I like with a brand new start everyday  
I see your heart and  
I want to be your man take a step  
And see your hand  
With all this joy inside  
There's no way I could deny

Chorus

Everything you made for me and everything I've got  
Well it's just your way of sending me forget me nots  
Every tender mercy every brand new day  
With every thing you've done for me I just have to say  
I love you

Chorus 2X
