

# Miracle Sun

Anthony Green

Where do you go,when it gets dark?  
And is there room for me there?  
How long will it take you to wake up?  
Before you go will you wake me?

(Will you wake me up?)  
Or I'll sleep all day

Miracle sun  
Stay with me tonight  
We don't wanna be without you  
We'll come along so  
Save a place for us  
We don't wanna be left alone, no

Where do you go,when it gets dark?  
And is there room for me there?  
How long will it take you to wake up?  
Make a promise to wake me  
Will you wake me up?

Or I'll sleep all day  
And miss everything

Miracle sun  
Stay with me tonight  
We don't wanna be without you  
We'll come along so  
Save a place for us  
We don't wanna be left alone, no

Miracle sun  
Stay with me tonight  
We don't wanna be without you  
We'll come along so  
Save a place for us  
We don't wanna be left
