

# Day Dreamin'

Anthony Hamilton

Well, oooh, heeey  
Baby, baby  
I can just feel it all in my bones  
Thinking of your loveliness and when you'll be coming home  
Babygirl I will intend in doing what I gotta do  
To be their holding and loving u

Day dreaming when I sleep  
Caught up in the memories  
I know love and it plays for keeps  
to good to be real  
Day dreaming when I sleep  
Caught up in the memories  
Of loving, loving baby

Each and everytime the thought of u passed my mind  
I dont know what else to do baby  
I think I'm falling, falling, falling deeper in love baby  
But u just keep calling in my mind

Day dreaming when I sleep  
Caught up in the memories  
I know love and it plays for keeps  
to good to be real  
Day dreaming when I sleep  
Caught up in the memories  
Of loving, loving baby

All I know that it's so good  
Feeling so, so baby please  
This love is to good to be true  
And yea I think of u

Day dreaming when I sleep  
Caught up in the memories  
I know love and it plays for keeps  
to good to be real  
Day dreaming when I sleep  
Caught up in the memories  
Of loving, loving baby
