

Fallin in Love Again

Anthony Hamilton

Oh oh oh
Oooooo baby oh oh oh

It's so natural to fall in love with you
Let me bring you joy whatever that's plan
I'm willing and able to pick you up again
Whenever you falling I will be your best's friend

Why feel like I fallin in love again
Why can't I hide the way I fill inside

You're so sensual the way you walk and smile
I think I should surrender to what I feel inside
I want to make love to you and let you know
I can't live without you and I'm never gonna let you go

Why feel like I fallin in love again
Why can't I hide the way I fill inside

Oooooo baby

Hey there miss lady, you sure do have a pretty smile
Such a lovely dress hmm you from around here
From these parks so that means if I come back tomorrow
I can uh see you and maybe talk to you for a while you know and
uh

I can't wait to see her and give her all my love
(I'm going be in love with you baby)
I know this feeling and give her all my love
(I'm going be in love with you baby)

Why feel like I fallin in love again
Why can't I hide the way I fill inside
Then I love her baby

I think she driving me crazy
The way I feel inside
It must be her warm smile
Touch me deep inside
I can't hide it
Nooooo

Why feel like I fallin in love again
Why can't I hide the way I fill inside
