

Since I Seen't You

Anthony Hamilton

You're 'bout the flyest thang that life could ever bring
Like fresh air to me the blood I bleed sent to me
And I want, wanna build with you

Since I seen't you, we've been peoples, your're my equal
This love is see through I want to Keep you
I want to be with you

Your're like the softest cloud a virgin in my eye
An angel just my size
Wish that I could fall in love with you again
And I wanna build with you

Since I seen't you, we've been peoples, your're my equal
This love is see through I want to Keep you
I want to be with you

Your conversation is liberating,
when we're relating it's a vacation.
Like recreation, I want my way with you

Ever since the day you walked into my life
I've never been the same then and not again
I hope and pray to God that you stay awhile
...with me and...

Since I seen't you, we've been peoples, your're my equal
This love is see through I want to Keep you
I want to be with you
