

Owning My Mistakes

Anthony Stewart Head

Owning my mistakes
Owning my mistakes
Gotta get a witness, witness
Gotta get a witness, witness
Well there's nothing good came from guilt
Better give it up, give it up and move on
Just owning my mistakes
Walking with them
Walk the talk
Of my mistakes
Can't blame anyone
For anything I've done
They're my mistakes
Gotta get a witness, witness
Gotta get a witness, witness
Gotta get a witness, witness
Owning my mistakes
Well there's nothing good ever comes from guilt
Better give it up, give it up and move on
A lie is like a bottle of wine from a cheap liquor store
La, la, lie, lie
It don't cost much at the time but it burns as it goes down
La, la, lie, lie
And you know you're gonna pay - later you say, now it's OK
But as hard as you swallow you can't shake the taste
The acid and the afterthought churning in your belly
La, la, lie, lie
And it leaves you with nothing but regrets
Just owning my mistakes
Walking with them
Walk the talk
Of my mistakes
Can't blame anyone
For anything I've done
They're my mistakes
