What do you do when something dies
A life together has ended, your living a lie
When did this act become reality?
Hello conscience, do I laugh or do I cry
Nothing's ever perfect
This is just a test

Imagine, imagine saying what can be said
Imagine, imagine each word a bullet 'til you're dead
Imagine, imagine killing something you love
Imagine, just think about living inside

Blood on your hands, blood in my eyes
Blood I can't keep, blood circumscribes
Blood on your hands turns into blood in my eyes

And with the blood I can't keep Our lives, blood circumscribes Brother on, brother on, brothers in blood

A wave of hatred comes like the flood Brother on brother on, Brothers in blood Hate is so much easier to feel than love Brother on brother on Brothers in blood

Misery can be so attractive When making yourself happy is the only alternative At the expense of someone else's life Do it for yourself, damn it, do what's right!

Imagine, think about living your life
Imagine, think about being stabbed with a dull knife
Imagine, think how sane you'll be when it's through
Imagine, think real hard then do what ya gotta do
