

## Fueled

Anthrax

I'm out to mix it up and change my complexion  
To coat the feelings and cure my depression  
A shot of petrol is my bona-fide method  
To lose control and get thoroughly distracted

I'm on the money, here I come  
Fuel for my engine, and I'm gone

I like to forget why I feel this compulsive  
As I toss tomorrow's dreams in the garbage  
What's important is a mind that's sicker  
Turning Jekyll into Hyde much quicker

I'm on the money, here I come  
Fuel for my engine, and I'm gone

1,2,3,4,1,2,3,4  
Kick-start and turn me over  
Punch-drunk, but I'm still sober  
Fourteen years and a whole lot bolder  
And I don't flinch  
Hungry and I'll take the best  
'Cause I never wanted anything less  
What doesn't kill me makes me stronger

It's like a war inside me, I'm good, I'm evil  
Two sides of the coin and I've been blessed with both  
On one hand I am you, but I don't like you  
I guess that's the nature o the way things work

I'm on the money, here I come  
Fuel for my engine, and I'm gone

1,2,3,4,1,2,3,4  
Kick-start and turn me over  
Punch-drunk, but I'm still sober  
Bukowski's on my shoulder  
With much to think  
Hungry and I'll take the best  
'Cause I never wanted anything less  
What doesn't kill me makes me stronger  
It's like a war inside me, action is all I know  
Tell me it's suicide, tell me something I don't know

I don't know why I've been made some kind of hero  
When I've done all I can do to prove I'm not  
It's amazing to think someone could trust me  
Tell me what do you know about me really?  
And if you make the mistake of getting close to,  
Me, you'll just give me all that you've got  
So I don't know why I've been made some kind of hero  
When I've done all I can do to prove I'm not

1,2,3,4,1,2,3,4  
Kick-start and turn me over  
Punch-drunk, but I'm still sober  
Fourteen years and a whole lot bolder

And I don't flinch  
Hungry and I'll take the best  
'Cause I never wanted anything less  
What doesn't kill me makes me stronger

1,2,3,4, I can't close this broken door  
It's just the nature of the way things work  
You wanna be me, I don't give a damn  
Anyone can do it but it takes a man not to  
Try so hard to give me a real life  
Anyone can do it but it takes a man not to  
It's just the nature of the way things work
