

# Killing Box

Anthrax

I have always been an experiment in terror  
At least I can only kill you once  
Standing aloof when I made up my mind  
Reaching, why it's better to be blunt

Your walking point through the minefield  
You gotta get out (get out!)  
Your on point in my minefield  
Forever waiting for a roadmap

Speak (speak!)  
Speak (speak!)  
Speak (speak!)  
Say something

Speak (speak!)  
Speak (speak!)  
Speak (speak!)  
Answer me

I left you in a killing box  
I left you in a killing box  
Lyrics  
I left you in a killing box  
I left you in a killing....box

Sketchy's not a name you can pin on me  
I'll start a revolt with my honesty  
A piece of you burns everytime you lie  
So let's start a war, just to see how many die

Your walking point through the minefield  
You gotta get out (get out!)  
Your on point in my minefield  
Forever waiting for a roadmap

Speak (speak!)  
Speak (speak!)  
Speak (speak!)  
Say something

Speak (speak!)  
Speak (speak!)  
Speak (speak!)  
Answer me

I left you in a killing box  
I left you in a killing box  
I left you in a killing box  
I left you in a killing....box

I left you in a killing box  
I left you in a killing box  
I left you in a killing box  
I left you in a killing box  
I left you in a killing box  
I left you in a killing box

I left you in a killing....
