

# Monster at the End

Anthrax

Do you think that you're worth anything?  
Do you think that you had everything?  
Or was it just another dream  
With a monster at the end

Promised you'd get what you want  
But instead you're getting what you need  
This ain't just another dream  
With a monster at the end

Down and under where the damned are riding  
Down and under where you pay  
Your golden halo is burned and melted  
Crown the monster at the end

The wall of sleep is crumbling  
And your conscience is left fumbling  
A massive sleeping serpent  
Uncoiled and awake

In this place, this sun-bleached hell  
Your sins were yours no angel fell  
A monster hiding in plain sight  
It's the monster at the end

Down and under where the damned are riding  
Down and under where you pay  
Your golden halo is burned and melted  
Crown the monster at the end

It's coming, it's coming, it's coming  
The monster is unleashed

Now that crown is on your head  
Now that crown is on your head  
Now that crown is on your head  
You're that monster at the end

It's coming, it's coming, it's coming  
Down and under where the damned are riding  
Down and under where you pay  
Your golden halo is burned and melted  
Crown the monster at the end

It's coming, it's coming

Down and under where the damned are riding  
Down and under where you pay  
Your golden halo is burned and melted  
Crown the monster at the end  
It's coming, it's coming, it's coming, it's coming
