

## Panic

Anthrax

Move it to the front  
Reaching for the night  
Losing all control  
Using all your might  
Wheels are gonna spin  
Asses gonna shake  
We are gonna kick  
Balls are gonna break

The road is hard  
The fight is tough  
We play it fast  
She likes it rough  
With my strength  
With all my soul  
Making love  
I'm losing control

Guts begin to churn  
Minds are in haze  
Hell is gonna burn  
Axes in a blaze  
Go in for the kill  
Always on the run  
Fighting for your life  
The battles never won

The road is hard  
The fight is tough  
We play it fast  
She likes it rough  
With my strength  
With all my soul  
Making love  
I'm losing control

Move it to the front  
Reaching for the night  
Losing all control  
Using all your might  
Wheels are gonna spin  
Asses gonna shake  
We are gonna kick  
Balls are gonna break

Backs are turned  
Rock and roll  
To the wall  
Losing my mind
