Sabbath Bloody Sabbath

You've seen life through distorted eyes You know you had to learn The execution of your mind You really had to turn The race is run the book is read The end begins to show The truth is out, the lies are old But you don't want to know

Nobody will ever let you know When you ask the reasons why They just tell you that you're on your own Fill your head all full of lies

The people who have crippled you You want to see them burn The gates of life have closed on you And now there's just no return You're wishing that the hands of doom Could take your mind away And you don't care if you don't see again The light of day

Nobody will ever let you know When you ask the reasons why They just tell you that you're on your own Fill your head all full of lies

Where can you run to What more can you do No more tomorrow Life is killing you Dreams turn to nightmares Heaven turns to hell Burned out confusion Nothing more to tell

Everything around you What's it coming to God knows as your dog knows Bog blast all of you Sabbath Bloody Sabbath Nothing more to do Living just for dying Dying just for you Anthrax
