

# Got The Numbers

## Anti-Flag

You push and push a people, what are they to do?  
This corporate run government will be through you  
See, it doesn't represent the people anymore  
Big business are the pimps and governments' their whores

We don't need more time to talk over a solution,  
We know what we need, we need a \*\*\*\*ing revolution

We don't need your war machine,  
Or your filthy blood stained dollars  
We've got one thing that you ain't got,  
We've got, we've got, We've-  
Got the numbers! Got the Numbers! (4x)

To you the masses are not even human beings  
We're dogs that will be grateful for any scraps you leave  
But even dogs will only put up with so much abuse  
Keep stealing from us like you are, we're gonna let loose

We don't need more time to talk over a solution,  
We know what we need, we need a \*\*\*\*ing revolution

We don't need your war machine,  
Or your filthy blood stained dollars  
We've got one thing that you ain't got,  
We've got, we've got, We've-  
Got the numbers! Got the Numbers! (4x)

We don't need your war machine,  
Or your filthy blood stained dollars  
We've got one thing that you ain't got,  
We've got, we've got the numbers

We don't need your war machine,  
Or your filthy blood stained dollars  
We've got one thing that you ain't got,  
We've got, we've got, We've-  
Got the numbers! Got the Numbers! (4x)
