Gypsies Tramps & Thieves

Anti-Nowhere League

Oi gippo!

Well I was born in a wagon of a travelling show Mumma used to dance for the money they'd throw Grandpa did whatever he could He used to preach a little bible And fill a couple of bottles of doctor's good

Gypsies, tramps & thieves We hear it from the town Gypsies, tramps & thieves Our kids would come around And lay their money down

Picked up this young girl while out in my car Took her for a ride, but took her too far She's sixteen, I'm twenty-one I had to take her down to Brighton Her daddy would've shot me If he knew what I'd done

Gypsies, tramps & thieves Well we hear it from the town Gypsies, tramps & thieves Well our kids would come around And lay your money down

I'm a gypsy king with a soverign ring I'm a sweet talking guy
You gave me a gun so I'm out on the run
And you'll not see me for a while...
You'll not see me for a while

I was born in a wagon of a travelling show Mumma used to dance for the money they'd throw Grandpa did whatever he could He used to preach a little bible And fill a couple of bottles of doctor's good

Gypsies, tramps & thieves
Well we hear it from the town
Gypsies, tramps & thieves
Well our kids would come around
Gypsies, tramps & thieves
Well we hear it from the town
Gypsies, tramps & thieves
Well our kids would come around
Gypsies, tramps & thieves
Well we hear it from the town
Gypsies, tramps & thieves
Well we hear it from the town
Gypsies, tramps & thieves
Well our kids would come around
