

# Run

## Anti-Nowhere League

I'm gonna run, run, run, run (4x)

I've gotta keep on running, I put the wind in my hair.  
Well, I've lost my faith in everything, and I don't really think I care.

I'm hurt for the last time, I don't need anyone  
You can't hurt me now, because I hate everyone!

I'm gonna run, run, run, run (2x)

I've gotta keep on moving, I smell it in the air.  
Well, I break away from my own decay, hey, do you think I care?

Slipping on my shades, I've got to hide my eyes.  
I never listen to what you say again, 'cuz all I get is lies.

I'm gonna run, run, run, run (4x)  
I'm gonna run, run, run, run (4x)

I've gotta keep on running, you're all behind me now.  
Because all I was, is now dead and gone, do you like what you see now?

I've lost my faith in god, I've lost my faith in you.  
I'm looking out for number 1, so screw the lot of you!

I'm gonna run, run, run, run (8x)
