

Wet Dream

Anti-Nowhere League

Every night you go to sleep you have wet dreams
Every night you go to sleep you have wet dreams
Lie down gal, let me push it up, push it up, lie down
Lie down gal, let me push it up, push it up, lie down

You Stand in your small corner, So I stand in mine
You can do all the things you want to, I can take it all

Lie down gal, let me push it up, push it up, lie down
Lie down gal, let me push it up, push it up, lie down
Lie down gal, let me push it up, push it up, lie down
Lie down gal, let me push it up, push it up, lie down

[?] you're big and fattie, 'cause i'm in control
So get your fat ass down on the bed, and take [?]

Lie down gal, let me push it up, push it up, lie down
Lie down gal, let me push it up, push it up, lie down
Lie down gal, let me push it up, push it up, lie down
Lie down gal, let me push it up, push it up, lie down

Let me push it up, push it up
Push it up
