Brains in bits - Electrodes attached Crowded in pens - For eggs to hatch Rabbits don't cry - Mice don't fight Join the animals - In their plight

The answer is simple No we're not cripples You should care If you fucking dare

The liberators - Got good intentions

But not through violence - Just break their sentence

Peaceful means - Should be used

To show disgust - At animals abused

Free the creatures
God's so called preachers
Let them live
Is that much to give?

Fux fur coats - And seal skin jackets
Look better on animals - Than hanged old faggots
And guts - Death & pain
Needless killing - Cos they're so vain

Stop the culls
More smashed skulls
Just let them live
Or is that much to give
