

## Devil Walks

Anti Tank Nun

everyone could see him  
they knew he felt at home  
his dazzling ways would rim  
Moscow, Berlin and Rome  
high time to go about  
a loud "hallo !!!" rang out  
first from his bag of tricks

the night is cold and long  
behind these bars I'm locked  
the sound outside is strong  
the devil takes his walk...

the mob just roared with joy  
as always when appeased  
he played them like a toy  
a coin rain made'em pleased  
the mob wanted revenge  
stifled with agitation  
whenever the law sleeps  
there is retaliation

the night is cold and long  
behind these bars I'm locked  
the sound outside is strong  
the devil takes his walk...

it's planned from A to Z  
he serves'em tabs and snow  
the savages just spread  
east and west they go  
it was a ghastly night  
the dawn ain't much to see  
the devil walks on site  
I know just what will be

the night is cold and long  
behind these bars I'm locked  
the sound outside is strong  
the devil takes his walk...
