

## Anti Nazi Youth

### Antidote

Do you remember 1945  
How many people lost their lives  
Hitel got so much fucking power  
He gave them all a fucking shower

Antidote tells you the truth  
We are the anti-nazi youth

Now it's 1998  
It's still their fate  
They still believe in bloody war  
Don't let them come that far
