

## Fortune's Fool

Antifreeze

Give me one chance  
And I could make her mine  
You are so cruel to give us both so little time  
What is your plan?  
To make me feel this way  
When I'm content...  
You take it all away

You show me how great life can be  
Then you take all life's pleasure from me  
You leave me all of my pain and my doubt  
Just think about the cards you have handed me

Destiny, Please tell me  
Why you play with my heart  
Spare me this heartache bliss  
Bring her to my arms and leave us alone
