

Is He Your Boyfriend

Antifreeze

You were on the second row
I saw you at one of our shows
You were different then any other girl

I think it was the way you smiled
When I sang or announced the song title
Thoughts were spinning in my head
You and me, deep wishes, and denial

And I don't know why
Why you looked at me
I thought you were thinking the same as me
When our set was done, I went to find my true love
But you were with the singer of the other band

If I could only talk to you
But that guy sat next to you
I'd give the world for just one kiss

Maybe I should kick his ass
Or send a mailbomb to his address
Even though you parents wouldn't let you date a guy in prison

And I don't know why
Why you looked at me
I thought you were thinking the same as me

When our set was done, I went to find my true love
But you were with the singer of the other band

I saw you hold his hand
I saw you kiss his cheek
I saw you, I saw you
