## Antigama

Do you know him  
He had lots of friends  
Showed up in many places  
What was his name  
He liked to drink and smoke  
Where is he now  
No one says a word  
They turn their heads away and look down  
I searched everywhere  
He was a respected dweller and you were seen together  
there  
No justice here  
This is harmful  
This is vain  
And will cost you much
