Antigama

Constant and motionless,
It's waiting and will be,
Constant in absolute silence
Can bring disagreement,
Lack of measure and disgrace,
Can spread the time of wrath
Hanging within infinite space,
It's waiting and will be,
Cause no one is looking for it
The message unknown,
Unwanted information
So let it wait frozen,
The nameless message,
The endless wait
Nobody needs it
So why do you want to know
