Reach For The Stars

Antoine Clamaran

There was a time, I was so lonely
I never thought I'd be out of the dark
Deep in my heart, there was a longing
To never give up anything that I start
And I just can't believe that I'm here, and it feels good
I just can't believe that I've come so far
So come on, something to me
I'm flying away

I, I gotta reach for the stars, no matter how far they are
I gotta believe in life, I'm catching the stars to shine

I can't deny, the world is so crazy
Sometimes I wish I could just fly to the moon
I worked so hard, and I've gotten lazy
I gotta shine, I know just what to do
And I just can't believe that I'm here, and it feels good
I just can't believe that I've come so far
So come on, something to me
I'm flying away

I, I gotta reach for the stars, no matter how far they are
I gotta believe in life, I'm catching the stars to shine
To shine, to shine, to shine, to shine, to shine, to shine, to
shine, to shine
To shine, to shine, to shine, to shine, to shine, to shine, to
shine, to shine

I, I gotta reach for the stars, no matter how far they are
I gotta believe in life, I'm catching the stars to shine
To shine, to shine, to shine, to shine, to shine, to shine, to
shine, to shine
To shine, to shine, to shine, to shine, to shine, to shine, to
shine

I, I gotta reach for the stars, no matter how far they are
I gotta believe in life, I'm catching the stars to shine

I, I gotta reach for the stars, no matter how far they are
I gotta believe in life, I'm catching the stars to shine
I, I gotta reach for the stars, no matter how far they are
I gotta believe in life, I'm catching the stars to shine.
